### **AMENDMENTS TO THE SPECIFICATION**

#### **Pages 17-18**

Please replace the paragraph commencing at line 23 of page 17 and ending at line 3 of page 18 with the following amended paragraph:

The structured document generated by the syntax analyzer 13 is then sent to the element refinement processing unit 15. The element refinement processing unit 15 accepts the structured document from the syntax analyzer 13 and performs a process of adding markups to the structured document so as to generate a markup document in which a markup process is performed on each meaningful word included in the structured document, as shown in the following table 4, while referring to the data stored in the data storage unit 14. The markup document generated by the element refinement processing unit 15 is then stored in the markup document storage unit 16.
